Explanation of the Projections for the Coming Year

The Projections for the Coming Year is a month by month estimate of activity in your escrow account over the next 12 months. Your current escrow balance and all anticipated payments to escrow and disbursements are included to determine the Projected Balance column. The Max Allowed Balance column reflects the amount allowed to be retained in the escrow account including the Max Allowed Cushion, also known as the max allowed low balance, as determined by Federal or State law. The lowest balance in the Projected Balance column (a) is compared to the lowest balance in the Max Allowed Balance column (b) to determine if a surplus or a shortage/deficiency exists.

Anticipated Escrow Disbursements		
These are items expected to be paid from your escrow in the coming year. The Base Escrow Payment was calculated by dividing the Total Disbursements by 12 (divided by 26 if loan is set up for biweekly payments) and adding the Mortgage Insurance premium, where applicable.
